

LOOK FOR MAN AND WOMAN IN MYSTERY OF LENOX MURDER

COMPANION OF DIXON MAN UP TO SUPPOSED TIME OF DEATH, GONE.

PROBABLY MURDERED NOV. 1

Were Last Seen On That Day—Remains Brought To Dixon This Morning.

The remains of Charles Roy Lenox were brought to this city by automobile this morning, and on account of the badly decomposed condition of the body, were taken direct to Prairieville cemetery for interment. The body was found in an abandoned well on a farm eight miles south of Cambridge Saturday morning by a hunter. A coroner's jury was impaneled Monday morning and after reviewing the remains and taking the testimony of Michael Blackburn of this city, who identified the body, the inquest was continued until Wednesday afternoon at 1:30 o'clock in order to subpoena other witnesses.

That Mr. Lenox met with foul play there is no doubt in the minds of the authorities of Henry county. On the right side of the head near the temple was a deep gash having the appearance of having been inflicted with an axe. The body was badly bloated from being in the water so long and decomposition had set in. The authorities are now trying to locate a man and his wife who were with Lenox when he was last seen by the farmer on whose land the body was found.

Left Dixon Aug. 17.

Mr. Lenox left Dixon about August 17 with Fred Benson. The men had fitted up a covered wagon and with some horses they had bought up started over the country to follow the vocation of horse trading, Lenox being a good judge of animals who had always been quite successful in trading. The men worked north from this city as far as Dubuque, Ia., and there Benson tired of the life and left Lenox, about the middle of September. Lenox then started down the Mississippi river, visiting various towns and about seven weeks ago was in camp near Fulton. He had dealings there with James Malone, Lenox having at one time been in the livery business there and he told Malone he had cleaned up some money and is reported to have exhibited quite a roll of money at the time. He had with him about sixteen head of horses and a companion who hailed from Peoria, whose wife was traveling with them, doing the cooking. Lenox told parties at Clinton that he was on his way to Peoria.

Camped Near Cambridge.

Lenox and his party arrived at Cambridge about the last of October and had their camp pitched about eight miles south of town on Sadie Pratt's farm. The man on the farm was talking with Lenox and his partner about 9 o'clock on the night of Nov. 1 and he was to exchange horses with them the following morning. The farmer got up early the next morning and on going toward the pas

Sheriff Refuses To Accede; Gov. Dunne Grants Third Stay

Ellston Scott, Negro Murderer Reprieved Until Jan. 11

(Associated Press)

Springfield, Dec. 14.—Because Sheriff White of Jackson county has refused to accede to his demand that Ellston Scott, the negro, be executed "decently and properly" Gov. Dunne today granted another reprieve to the condemned man, extending his life from Dec. 17 to Jan. 11. This is the third reprieve.

Gov. Dunne charged that invitation tickets were sold on the streets of Murphysboro prior to the execution of Joe DeBerry, murderer of Mrs. Martin, wife of an attorney.

Following the DeBerry scandal, Gov. Dunne asked Sheriff White for assurances that the law would be obeyed in the execution of Scott, and White's refusal to comply with the chief executive's request resulted in the first reprieve. White still was obdurate and so Dunne granted a second reprieve, to expire Dec. 17. The sheriff's attitude, as expressed in his correspondence with the governor is not changed, consequently the third reprieve granted today.

TAMPICO BOY BEING SEARCHED FOR HERE

GEO. BURKE, AGED 17, HAS BEEN MISSING SINCE SUNDAY MORNING.

Another lost boy is being sought in this city, but up to press time no trace had been found of him. J. P. Peckham, residing on a farm a mile and a half south of Tampico, came to Dixon this morning and asked the aid of the police in trying to learn whether George B. Burke, aged 17 years, had been in this city. The lad is described as being about 5 feet, 9 inches tall and he had on a black broadcloth suit, a dark blue chinchilla overcoat, lightweight brown cap, and wore button shoes. He left home Sunday morning to go to church and since then has not been seen. He was seen going north from Tampico and it is thought he went to Sterling and as no trace of him could be found there it was believed he might have come to Dixon. Mr. Peckham came to Illinois about two years ago from Kansas and got the boy from a Kansas orphan home.

Conference To Be Held Here For The Older Boys And Girls

The older boys and girls of Lee county will have an unusual opportunity for celebrating the holiday season this year, which is being offered them by the County Sunday School association in the form of Older Boys' and Older Girls' conferences which are to meet in Dixon on December 28. The boys will have their headquarters and separate sessions in the Y. M. C. A. building and the girls at the M. E. church. Boys and girls fifteen years old or older are invited. Boys who expect to attend or are interested should write to Mr. Philip Raymond, 706 N. Crawford Ave., Dixon, Ill., and girls should send their names to Miss Fern Senneff, R. 3, Dixon, Ill., to secure banquet reservation.

Mr. Clarence N. Wright of Oberlin, who was the star speaker at the international Teen Age Banquet in Chicago, is to be at the conferences, also Mr. A. F. Hammesfahr, one of the workers of the Illinois State Sunday

WINTER SHOWS NEED OF GOOD FELLOWS IS GREATER THAN EVER

FIRST STINGING COLD BRINGS A REALIZATION OF MUCH WORK TO BE DONE.

CASH DONATIONS NEEDED BADLY

Money Necessary To Buy Clothing for Children—Rink Donates Coal to Poor.

Winter is getting in its bitter work and the need for Good Fellows and many of them is becoming acute. There are many poor families in Dixon this year and reports to date show that there are more persons in need this year than in several years past.

Frank Rink has come forward with his annual donation and it is thankfully received. He will donate four loads of coal to the poor this year and puts the fuel at the disposal of the Good Fellow committee. Such a donation as this is of a most desirable and substantial nature.

Cash donations have been scarce so far. Those that have come in have been very generous but we need more of them. To date there is \$25 in cash in the hands of the Good Fellow committee, \$25 will not last long when it comes to buying shoes and rubbers and stockings and little sweaters.

Get busy, Mr. and Mrs. Good Fellow, and play Santa Claus for some little lad or lassie who needs your help. You can afford it, for it does not cost much.

The wants of the little children of the poor are pitifully simple and practical. They do not ask for expensive toys. Their thoughts are more of the things they need and a suit of underwear or a pair of shoes, a stocking cap or mittens will usually hit them just right. Sometimes they want a couple of oranges or a bag of candy, and surely they are entitled to that much from the more fortunate people of this city.

We have many calls from distressed mothers and longing kids. Are their appeals to be answered?

MRS. HOYLE INJURED IN AUTO COLLISION

CRASHED AT INTERSECTION OF THIRD ST. AND PEORIA AVE. MONDAY.

The second automobile accident within a month at the corner of Third street and Peoria avenue occurred at about 6 o'clock Monday evening when cars being driven by Frank Hoyle and Harvey Miller collided. The Buick car driven by Mr. Hoyle was badly damaged, but fortunately no one was seriously injured.

Mr. Hoyle was driving a car owned by Charles Hill and with his wife was going north on Peoria avenue and had just made the turn at the corner of Third street to go west. Harvey Miller, going east on Third street, when just ready to make the turn north on Peoria avenue suddenly noticed two headlights flash into his face and the bright light dazzled him for a second or so and then came the crash. The Miller car struck the front wheel of the Hoyle car and all the spokes were broken, the windshield was smashed and the fender badly bent. The frame of the Miller car was slightly sprung and a headlight broken but it escaped further damage.

The collision threw Mrs. Hoyle against the windshield and she sustained a slight cut on the face and a bad bump under the eye. She was taken to the Dr. Clevidence home nearby and after it was found that her injuries were not serious she was taken to her home.

"AT HOME" NIGHT BIG FEATURE

There will be something doing every day during holiday week at the Y. M. C. A. building if present plans are carried out. Monday evening, December 27th, will be boys' night at the building and special attractions will be arranged for their benefit. Tuesday night will be open night for the men of the city and there will be games in the gymnasium, wrestling bouts, tub and swimming races, and the evening will close with refreshments. Wednesday evening it is hoped to have a bowling contest between teams from the Sterling and Dixon Associations. Thursday night a social will be held to which the public will be invited and a good time in general will be arranged for that evening. Friday evening will be "at home" night for the boys who are away attending school.

DIXON SINGERS GAVE GREAT PERFORMANCE

"PIRATES OF PENZANCE" WAS REVELATION TO FRIENDS MONDAY EVE

REPEAT PRODUCTION TONIGHT

An enthusiastic audience was greatly and happily surprised by the skillful and complete production of "The Pirates of Penzance" given at the Dixon opera house Monday evening by Dixon singers, assisted by William Klocke, Jr., of Rock Falls, and Mrs. Hazelrigg, formerly of the Andrews' Opera Co. In every way the performance was a revelation, for while all their friends knew that the sixty or more Dixonites in the cast were capable of excellent work, they were not prepared for the completeness of their ensemble work.

The principals—Willard Beach as the Pirate King, W. G. Kent as Samuel, William Klocke as Frederick, Dr. L. R. Evans as Major General Stanley, William Laxton as Sergeant of Police, Mme. Anita Kent as Ruth, Bernice Friedline, Gladys Steel and Neva Phillips as Stanley's daughters and Nellie Hazelrigg as Mabel, the favored child—were all excellent. Their singing was pleasing and their stage presences and action showed careful rehearsals and work.

The performance was indeed a happy one in every particular and should merit the members of the company and St. Luke's choir under whose auspices the opera is produced, a crowded house this evening. The curtain will be held until 8:15 o'clock this evening to allow workers in the stores to attend.

CHILDREN WANT POND IN JOHN DIXON PARK

ASK COUNCIL TO PROVIDE SKATING RINK BY FLOODING PARK.

A petition was presented to the city council this morning bearing the signatures of 35 boys and girls of North Dixon asking to have a skating pond made in the southwest corner of John Dixon park by flooding the depression in the land at this point. The matter was referred to the park board which has the jurisdiction of the parks in the city and if they feel that the plan is feasible the request will doubtless be granted.

Another petition was presented by Sam Rubenstein asking that he be granted a permit to erect a shed covered with sheet iron at his junk yard on River street. The request was granted provided that he comply strictly with the ordinance regarding the erection of frame buildings within the fire limits, under the supervision of the commissioner of public safety.

The semi-monthly bills amounting to \$12,808.66 were allowed. Of this amount \$12,266.80 is the city's share of special assessments for local improvement work. This sum is taken out of the general fund and greatly reduced the funds in that department.

Cold Wave Struck City During Night Ice Covered River

Mercury Tumbled To 8 Degrees Above Zero - Moderated Today

The first cold wave of the winter struck Dixon and vicinity broadside Monday night, the mercury dropping to 8 degrees above zero during the night. As a result of the sudden temperature change the poorer suffered and local charitable organizations rendered such relief as was possible today. The first real ice formed in the river during the night, a thin shell of the crystal covering its entire width in the still waters this morning. With daybreak, however, conditions began to moderate and at 7 o'clock this morning the thermometer registered ten degrees above.

EAST IS GRIPPED IN WORST SNOW OF YEARS

NEW ENGLAND BLANKETED UNDER FIFTEEN INCHES DEEP TODAY

(Associated Press)

New York, Dec. 14.—The center of one of the heaviest snow storms this section of the country has experienced in several years passed northeast of New York today, leaving in its wake a trail of broken telegraph poles and wires and railroad trains stalled in snow drifts.

Large portions of New York, Pennsylvania, New Jersey and New England are blanketed in snow from six to fifteen inches deep and the snow was still falling at noon, but the severity of the storm had abated. Cable communication across the Atlantic was badly hampered by the failure of the cable company's land wire between New York and Nova Scotia. Six inches of snow in New York City melted as fast as it fell and the wind had a velocity of 64 miles an hour in the city. Some damage was done shipping along the coast.

New York, Dec. 14.—Almost the entire Atlantic coast from the Carolinas to Maine has been experiencing one of the worst snow and sleet storms on record for so early in the winter.

The big storm which was raging off Cape Hatteras on Sunday and the one which has been central over the Great Lakes district and the middle west for the past few days combined, developing into a small sized blizzard with a wind blowing at the rate of 62 miles per hour.

Favors One-Cent Postage For Letters For Our Local Delivery

Washington, Dec. 14.—B. M. Chipfield, the new congressman-at-large from Illinois, believes that the rate of postage on local delivery letters is too high and that congress should immediately entertain a proposition to recut this condition.

At the present time the 2 cent rate is applicable to all letters mailed, whether addressed to your neighbor or to a person thousands of miles distant, even over the sea to England and Germany, or to Alaska, Canada and Mexico. "A local letter costs the government only about one quarter of a cent each to handle, according to postal experts," said Mr. Chipfield, "as it involves no transportation expense on account of railroads, steamships or rural carrier. When letters can be carried all over the country, and to certain foreign lands, for two cents, and return a large profit, it is evident that the profit on local, or the so-called drop letters, must be exacted."

"I do not believe that legislation made necessary by the European war should be allowed to interfere with congress in due season considering the matter of reducing the local rate of postage on letters," said Mr. Chipfield. "This is a matter of much concern to every one just at this time. To cut the rate now will greatly encourage business, which every one knows is needed. The reduction will mean no falling off in the revenues as it is generally regarded that the volume of mail will practically be doubled immediately upon the installation of the new rate."

"Every patron of the service will appreciate a one cent rate for letters of local origin for local delivery because of the great benefit to be derived by individuals, business establishments, banks, churches, fraternal clubs, and in fact, all forms of business, social and domestic life."

LANSING CONFERRED WITH WILSON OVER AUSTRIAN QUESTION

MET PRESIDENT AT WHITE HOUSE PRIOR TO CABINET MEETING

AUSTRIA WISHES TO AVOID BREAK

Washington Believes Dual Monarchy Will Yield To United States Demands

(Associated Press)

Washington, Dec. 14.—Secretary Lansing went to the White House today to confer with President Wilson prior to the cabinet meeting. The demands made upon Austria in the Ancona note and the protest to be made to France concerning the removal of German and American subjects from American ships are believed to have been the topics the Secretary desired to discuss.

Paris, Dec. 14.—"Vienna newspapers announce," says a dispatch from Geneva, "that the United States has demanded the recall of Alexander Nuber von Perked, the Austrian Consul General in New York, because he was implicated in passport frauds."

Washington, Dec. 14.—The feeling among high officials here over the diplomatic situation with Austria created by the Ancona affair and the ultimatum sent to Vienna by this government, seems to be one of confidence that a diplomatic break between the two nations will not occur, although this government is determined to receive the satisfaction demanded or sever relations.

Austrian Envoy Calls on Lansing.

Baron Erich Zwiadinek, charge of the Austro-Hungarian embassy, informally discussed the American note with Secretary Lansing. It was believed that the charge desired information regarding the attitude and wishes of the United States government. Secretary Lansing would not talk of the conference further than to say that the general subject had to do with the Ancona incident. Baron Zwiadinek also was reticent.

From other sources, however, came the information that the charge, who requested the appointment with Secretary Lansing, had no instructions from the Vienna foreign office and that he acted entirely upon his own initiative. In official and diplomatic circles it is believed that the charge was following the example set by Count von Bernstorff when the Lusitania controversy was in a critical stage.

Indicates Austria Will Yield.

Baron Zwiadinek is represented as being of the opinion, and to have told Secretary Lansing so, that, if the facts in the case are as the United States cites them in the note, the Austro-Hungarian government will, without doubt, accede to the demands. It is understood that Baron Zwiadinek also asked Secretary Lansing what he could do to alleviate the tenseness of the situation, but information is not available as to what reply Secretary Lansing made.

Do You Read Labels?

Domestic science teachers and food authorities are urging the housewife to carefully read the labels on all food articles.

The laws of most States compel food manufacturers to print the ingredients of their products on the label, and this enables consumers to distinguish healthful foods from those which may be deleterious.

High-grade baking powders are made of pure cream of tartar, derived from grapes. Royal Baking Powder is a type of the highest grade. It is healthful beyond a doubt and the safest and best to use.

The low-grade baking powders are made from alum, a mineral acid salt, or phosphate of lime.

Consumers can learn the character of the baking powder by referring to the label, which must state whether the contents include cream of tartar, alum or phosphate.

Unique Luncheon

The scramble luncheon of Chapter A. C., Illinois P. E. O., with Mrs. A. A. Rowland yesterday was a most delightful affair. The hostess made use of the clever scheme of having the guests assist in the serving of the luncheon, not only making the work lighter for the hostess but also banishing effectively all formality. When the guests arrived they found that Mrs. Rowland and Miss Garnett, the entertainment committee for the day, had prepared the table, decorating in the Christmas

colors with red candles in the candleabra used as the centerpiece, and Christmas place cards, and that the first course, grape fruit, was already served, according to the little rhyme read by Miss Garnett, "That everything will go off pat, And you will all know where you're at, Our first course is served, you find; Eat it all except the rind."

As each guest turned over her place card she found thereon a rhyme assigning her to some task in the serving of the luncheon. Mrs. Ned Coe and Mrs. C. P. Reid were directed to remove the grape fruit; Mrs. Mark Keller and the two Miss Judds were directed to bring the plate of "spuds," and the rest of the meat course of veal birds, peas en casserole, and cranberry-nut jelly. Mrs. Add and Mrs. Barlow removed the plates of the meat course, and Mrs. Lehman and Mrs. Leland brought the dessert course of whipped cream cake. Lastly the coffee was poured by Mrs. Trowbridge and Mrs. Strong. The good time began at the luncheon continued throughout the afternoon.

Hobo Party

A "hobo" party was the latest departure in entertaining the Queen Esther society of the Methodist church.

Misses Margaret and Olive Anderson chose this novel method of entertaining and everyone voted it a great success.

The members went to the Anderson home on N. Galena avenue dressed as hoboes, an itinerant preacher being in the gang, and from where they hit the ties until they found a likely stopping place for hand-outs. Going to the kitchen door of Mrs. Felkins' home, they found her inclined to be generous, but desiring more they continued until they reached the Rickard home where Miss Hannah Madison gave them without stint. Finding no cross dogs to impede their return, they made their way to their first hanging out place and ate their supper, finding the Misses Anderson quite ready to augment their already sumptuous lunch.

Four members of the gang, Misses Beth Williams, Eva Lawton, Jennie Harding and Mary Hintz, for these were "lady tramps," contributed to the after-fee, merriment—Misses Williams and Lawton with a piano duet, Miss Harding with a reading, and Miss Hintz with a piano solo.

Then the "hoboes" feeling in a benevolent mood, stuffed animals for some little children that they might have a Christmas unstinted in happiness.

A. W. A. Club

The A. W. A. club spent a delightful evening Monday with Mrs. Robert Sanford of Central Place. Mrs. Sanford had used holly, mistletoe, and poinsettias very effectively, giving her home a delightful "Christmas" atmosphere. Euchre was the diversion for the evening. Mrs. Koontz winning the head prize, a handsome hand painted china bread and butter plate. The society decided to continue using the plates as

prizes, the one to be given at each meeting to be of different design, however. Hot chocolate, sandwiches, and cake formed the enjoyable refreshments served by the hostess. Mrs. Bert Smice will be hostess at the next meeting, to be held, Dec. 27th.

WILSON AND MONROE DOCTRINE.

The president skillfully interprets the Monroe doctrine as no longer implying a guardianship by the United States over South America. We are now partners; there are no guardians and no wards. But while the independent states of this hemisphere are "co-operating friends," on a footing of genuine equality, we Americans still feel that common cause must be made in protecting these western waters from overseas aggression. In regard to the obligation to furnish military and naval defense for all Latin America against European invasion or oppression, Mr. Wilson lands precisely where all of his predecessors have landed, and this fact is highly important. There has been a growing belief in recent years that Argentina, Brazil and Chili, for example, no longer needed our protection; with them eliminated, the burden of defense falling upon the United States would be greatly diminished. That the president adheres to the old Monroe doctrine's implications in his defense programme is not a convincing aspect of his address, and there may well be sharp questioning in congress. But, undoubtedly, if the United States must protect all Latin America, as it would necessarily its own territorial possessions, the programme outlined in this address cannot be regarded as open to serious challenge, except in matters of detail.—Springfield Republican.

ALTGELD WROTE THIS ONE.

Collier's: Governor Altgeld of Illinois is better understood by most of us today than he was in his lifetime—though some of us were keen enough to appreciate his qualities then—Minister to Belgium Brand Whitlock, for one. This year Secretary of State Woods of Illinois places in his "Blue Book" Governor Altgeld's message to young men—a ringing invitation to service and to ideals:

"Young men, life is before you. Two voices are calling you—one coming from the swamps of selfishness and force, where success means death, and the other from the hilltops of justice and progress, where even failure brings glory. Two lights are seen in your horizon—one the fast fading marsh light of power, and the other the slowly rising sun of human brotherhood. Two ways lie open before you—one leading to an ever lower and lower plain, where are heard the cries of despair and the curses of the poor, where manhood shrivels and possession rots down the possessor; and the other leading off to the highlands of the morning, where are heard the glad shouts of humanity and where honest effort is rewarded with immortality."

GETTING ALONG IN YEARS.

Springfield (Mass.) Republican: It is only the Sixty-fourth congress, yet that means a fairly venerable antiquity as national assemblies go. And, perhaps, no country has packed more politics into the same period.

BRITISH LOSS IS 40,000, REPORT

Berlin Claims Two Battalions Annihilated in Balkans.

SERBIA IS CLEARED OF ALLIES

Greek Army Withdraws from Saloniki—May Oppose Bulgarian Advance into Greek Territory—Paris Report Says Losses of Pursuers Were Heavy—Allies in Greece.

Berlin, Dec. 14.—"Approximately two British divisions (40,000 men) have been annihilated in Macedonia," the war office announces. The allied armies, entirely out of Serbia, are retreating on Saloniki and the Greek army is withdrawing from their path.

Berlin, Dec. 14.—The conquest of Serbia has been completed. The Anglo-French forces have been driven completely from Serbian soil.

General Todoroff's Bulgarian army has occupied Doiran and Givogeli, the last Serbian cities held by the expeditionary forces, it was officially announced. Two English divisions were annihilated in the final fighting.

"There are no more free French or English in Macedonian territory," the war office announced.

The last of the Serbian regulars retreated from southwestern Serbia into Albania after the fall of Monastir. They were pursued through Struga and Ochrida by Bulgarian forces.

Bulgarian advance guards have reached the Greek frontier at several points in their pursuit of the retreating Anglo-French.

Greeks Give Allies Clear Field.

London, Dec. 14.—The actual withdrawal of the Greek army from the path of the allied forces which are retreating on Saloniki is said to have been effected. A Reuter telegram filed in Athens says:

"As a result of the agreement between the Greek general staff and the allied generals, the division of the Greek army which has been stationed at Lungaza has been withdrawn to Serres, about fifty miles northeast of Saloniki. The zone between Saloniki and Doiran has been left free for movements of the allied troops.

"The allied military authorities took over a portion of the custom house at Saloniki.

Say Bulgars Lost Heavily.

Paris, Dec. 14.—A dispatch to the Havas agency from Athens dated Sunday says:

"The battle between the Bulgarian and the British troops north of Doiran (Serbia) was exceedingly violent," says the Athens correspondent of the Havas agency in a dispatch dated Sunday. The message continues:

"Two columns of Bulgarians with light artillery succeeded in shaking the British line, which retired to the second line. A British attack, supported by powerful artillery, repulsed the enemy, however, inflicting heavy losses. The British are drawing back their line toward the Greek frontier in accordance with General Sarraill's plan.

"The station master at Doiran reports that shells fell today (Sunday) in the vicinity of the station."

British Defeat Turks at Bagdad.

London, Dec. 14.—Turkish attacks on the British Mesopotamian army at Kut-el-Amara have been repulsed, it is officially announced. British reinforcements are being rushed forward.

COMMUNIPAW RIDDLE GROWS

More Conflicting Reports Reach Washington as to the Ship.

Washington, Dec. 14.—More conflicting dispatches about the attack on the American tank steamer Communipaw, have reached the state department. One, dated at Malta, said the Communipaw had just reached Alexandria and that "the casualties will be reported later."

Another dispatch indicated that the Communipaw on Dec. 3 had been stopped by an unknown submarine. Various dispatches last week reported the ship sunk, captured and at Alexandria. Officials do not know what to make of the mass of conflicting reports.

FAMILY THEATRE

No children will be admitted this evening. On tomorrow evening William Hart will be featured. In the great western story of The Bargain, and on Thursday night Marguerite Clark will be seen in The Pretty Sister of Jose. The celebrated actor, William Farnum, will be featured on Friday evening in one of the greatest picture ever produced, entitled The Nigger or The New Governor. Four excellent acts of vaudeville will also be given during the entire week.

OPERA HOUSE

"The picture of a baby—quite a delightful little youngster—was flashed upon the screen. He was a September Morn baby—almost—and he got hold of his father's pipe, ate flowers, wallowed around making mud pie and finally distinguished—or rather extinguished himself with jam from head to foot. The audience smiled, it chuckled and laughed, it rocked around until the whole theatre was in convulsions except that little one year old baby. It evidently didn't care a bit about the camera. It was just human interest—that "one touch of human nature which makes all the world akin"—the artistry and simplicity of it all that completely captivated everybody." Mr. Howe has arranged for that same baby to play a return engagement here at the Dixon Opera House, Thursday, Dec. 16th. True, everything else on the program will be entirely new from the sublimely beautiful scenes of both California Expositions and a trip through the Panama Canal to quaint Bruges, in Belgium, picturesque Holland, a ride on a submarine, etc.

PRINCESS THEATRE.

Tonight the Princess will show a three reel Lubin drama entitled "A Desert Honeymoon," with Romanic Fielding and Vinnie Burns in the leading roles, the thrilling romance of a temptress which is wonderfully related by an all star cast of Lubin players. This feature is one which everyone will enjoy and is excellent in every way. The comedy for the evening is an Essanay entitled "The Parson's Horse Race," one of the funniest comedies ever made by the Essanay company. Tomorrow night a four part Edison feature entitled "The Plowshare" will be shown.

OPERA HOUSE

Illustrated travelogue on Starved Rock will be shown at Dixon Opera House tonight.

Beautiful, historical and romantic. Once the home of Shabbona and thousands of Indians; surrounded by a wealth of early history and Indian

legend; lately acquired by the state of Illinois for a state park.

To this point came LaSalle, Father Marquette, Tonty and other early explorers.

Here was enacted the famous Indian massacre which gave to the rock its name. Here occurred the wedding and escape.

You can see and hear of these beautiful and interesting places without effort and in a short space of time; whereas, if you were to visit the rock it would require many days to reach them all, and, as some spots are almost inaccessible, great physical effort would be required.

Captain Ballard has spent forty years on the Illinois river and is thoroughly acquainted with every spot and its history.

The school children should have an opportunity to attend this entertainment. It will interest and instruct them. There will be other feature attractions.

IS YOUR COMB FULL OF FALLEN HAIR

What to Do When Hair Comes Out.

Loose hairs in your comb and brush is Nature's way of waving a red flag in your face to tell you that your hair and scalp are losing vitality and that it is time you did something for them.

Don't disregard the warning. A little attention now may mean long, thick, luxuriant hair for you for years to come. A little further neglect and thin, dry, dull, lifeless brittle hair and finally baldness may result. To vitalize the scalp 'til it tingles with vibrant energy—to make every hair on your head healthy—get a package of Parisian Sage from Rowland Bros. or any good druggist in town and rub a little right into your scalp with the finger tips.

Parisian Sage acts directly on the entire cell life of the hair—from root to tip—helping healthy growth and stimulating a beautiful glossy texture and glorious luxuriance. No one how quickly your hair stops coming out on brush and comb—how it is easier to handle, and dress and how all signs of itching and dandruff quickly disappear. It is not expensive.

LOOK FOR COUPLE IN LENOX MURDER

(Continued from Page 1)

ture found his cattle out on the road and the gate into the pasture open. The campers who had been there the night before were also gone and as it had rained the night before he noticed the tracks of the wagon could be seen on the road to the west. Nothing further was thought of the matter.

Last Saturday morning John Slater of Cambridge was hunting on the Pratt farm and in chasing a rabbit it shot under a hedge and a little ways from the hedge was a fence. Climbing over the fence he came to an old well and finding one of the planks pushed aside and thinking the rabbit might be hiding there he threw back the plank and there floating on the water within four feet of the surface was the body of a human being. The authorities were notified and the body was taken from the well. It was partially wrapped in a piece of old carpet and was minus shoes. There were a couple of links of a watch chain hanging in the button hole of his vest and the remainder of the chain and watch were missing. There was nothing found in any of his pockets aside from a telegram sent in May from Clinton, Ia., addressed to R. Lenox. The Clinton authorities were notified and they in turn notified the young man's relatives in this city.

It is supposed the murder was committed on the night of Nov. 1, and the man and woman who were with Lenox at the time can throw much light on his death if they can be located.

ROAD TO HEALTH IS THROUGH THE KIDNEYS

If you suffer with pain in your back and sides or have any signs of kidney or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such trouble. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Rowland Bros., the popular druggists, say that no medicine ought to be paid for unless it does the user some good. They therefore sell Solvax under a positive guarantee to relieve the worst cases of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to Rowland Bros. and tell them you want your money back and they will return it without question. This is the strongest argument that can be offered in behalf of any medicine.

EAT A SQUAR MEAL AND NOT FEAR INDIGESTION

There were hundreds of people in Dixon who were not the least bit surprised when they read in the "Telegraph" that Rowland Bros. are selling Mi-o-na on a guarantee to refund the money in case it did not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, dizziness, or the general played-out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it aims to cure.

Rowland Bros. can tell you of many well known people in this city who this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that they stand ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds in Dixon today praising Mi-o-na because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na they eat what they want and when they want with no fear of suffering.

CHRISTMAS SHOES FOR BELGIANS

Relief Commission Will Not Send Toys This Yuletide.

Instead of toys and candies for destitute Belgian children there will be a Christmas ship laden with strong and warm shoes. A big shipment will arrive in King Albert's stricken country by Christmas and a still bigger one early in the year.

To facilitate this plan Henry Clews, treasurer of the Dollar Christmas Fund, has already paid to the Commission for Relief in Belgium \$25,000 and promises \$50,000 by Christmas day.

The commission has excellent facilities for buying at cost rates from the manufacturers and for \$50,000 there will be about 100,000 pairs of children's good reliable shoes.

Henry Clews, treasurer of the Dollar Christmas Fund, renews his appeal for donations which should be dressed to him at 15 Broad Street, New York. Give a dollar," he writes; "more if you can. Help us to send a Christmas gift to Belgium worthy of America. This is the last call before Christmas. Do not pass it by."

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Quickest, Surest Cough Remedy is Home-Made

Easily Prepared in a Few Minutes. Cheap but Unequaled

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it.

Get 2 1/2 ounces Pinex (50 cents worth) from any druggist, pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat colds.

Get the genuine Pinex and do not accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

LABOR PEACE BODY PAPERS PROVE CASE

Charges Against Conspirators Substantiated, Says Marshall

New York, Dec. 14.—The records of the activities of Labor's Nation Peace council, the organization through which, according to United States Attorney Marshall, Franz von Rintelen carried on his conspiracy to instigate strikes in munition factories, were turned over to Mr. Marshall by L. P. Straube, former secretary to the council.

This evidence consists of speeches, notes, the by-laws of the council and other material which, it was declared at the federal building, supplies important evidence for the prosecution. One official said Straube's evidence "substantiates the case against these conspirators in every detail."

Straube came voluntarily from Chicago to place his evidence before Mr. Marshall and will appear before the grand jury. His information confirms, it was stated, the theory of the government that the peace council was dominated by an inner ring of five men, all agents of Von Rintelen.

BRINGS RIFT IN FORD PARTY

Resolution Condemning Wilson Threatens to Divide Peace Argonauts.

On Board the Steamship Oscar II. (by wireless via steamship Noordam, Dec. 14.)—A resolution condemning President Wilson's preparedness policy brought a protest from some of the leading members of Henry Ford's peace party when it was presented for adoption. The resolution was drawn up by Jenkin Lloyd Jones of Chicago and the Rev. Charles F. Aked and others, who asked that it be signed by all the members of the party as their platform.

More than a dozen members, including S. S. McClure of New York and Judge Ben S. Lindsey of Denver, refused to sign on the ground that the resolution was unpatriotic. Some of them even threatened to leave the party after it reached Europe if the proposed platform was put through. Its supporters said the opponents of the resolution failed to understand the spirit of Mr. Ford's invitation.
